

Racha Khaled

MRCOG, CABOG, M.S(OB/GYN), M.D.

Objective

- **Educate in Maternal and Fetal Public Health:**
I aspire to educate future healthcare professionals on maternal and fetal public health by equipping undergraduate and graduate students with practical theoretical knowledge in alignment with the National Transformation Program (NTP) and SDGs.
- **Conduct Women's Health Workshops:**
As a certified member of the Royal College of Obstetrics and Gynecology, my objective is to create and conduct hands-on women's health office procedural skills workshops, including procedures such as endometrial biopsies, contraception implants, pessaries, IUDs, and more. These workshops aim to enhance practical expertise.
- **Launch of the On-Campus Women's Health Clinic:**
My goal is to initiate an on-campus women's health clinic dedicated to offering reproductive health counseling and other counseling as a global ranking and accreditation requirement. This clinic will serve the Alfaisal community.
- **Provide Medical Education Courses:**
I am committed to offering medical education courses for USMLE and MRCOG for residents, fellows and specialists who are pursuing the membership certification of the Royal College of Obstetrics and Gynecology.
- **Contribute to Clerkship training:**
my objective is to share my extensive knowledge and experience in the field of OB/GYN in clerkships training both didactic and bedside teaching.

Qualification

- 1/2022 **MRCOG** (Certification of Membership of Royal College of Obstetrics and Gynecology)
- 2/2021 Certification of **Medical Education**, King Saud university, College of Medicine
